RE: Letter of Recommendation for Milorad Ljutica

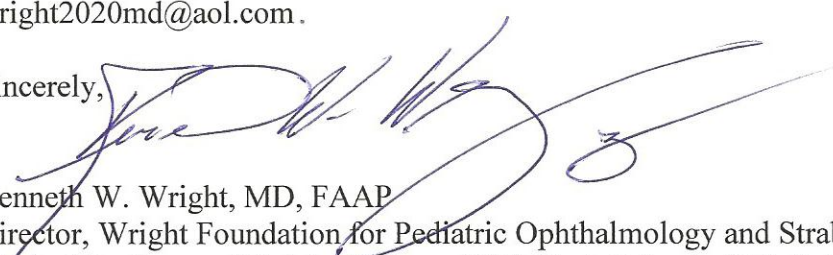

To Whom It May Concern:

It has been my pleasure and honor to work with Milorad Ljutica, who has been a visiting professor with us for two months here at our pediatric ophthalmology and adult strabismus center in Los Angeles. During that time, I have had the opportunity to work closely with Milorad in regards to management of complex strabismus. His treatment plan is sophisticated and well thought out. During the time I spent with him, he has shown extreme aptitude in regards to strabismus and ocular motility.

In addition to his clinical acumen, he has been a real joy to work with. Other doctors and our staff have enjoyed working with him. During the time I have known him, he has always acted and appeared professional in every way. I have never had cause to doubt his work or integrity.

This is a recommendation for Milorad Ljutica and I would like to emphasize that this recommendation is without reservation and with the strongest conviction on my part. If you have any questions, do not hesitate to contact me via email at wright2020md@aol.com.

Sincerely,

Kenneth W. Wright, MD, FAAP
Director, Wright Foundation for Pediatric Ophthalmology and Strabismus
Clinical Professor of Ophthalmology, USC-Keck School of Medicine
Attending, Children's Hospital Los Angeles
